- **Academic Price Schedule.** This schedule applies only for teaching and research at degree granting institutions.
- **NLP Packages.** NLP solvers (CONOPT, KNITRO, MINOS, SNOPT) are discounted 25% when two or more are purchased.

- **GLOBAL Packages.** GLOBAL solvers (BARON, LGO, LINDOGLOBAL, MSNLP) are discounted 25% when two or more are purchased.
- **Multi-copy Discounts.** We provide multi-copy discounts for additional single-user licenses on the same platform: 30% discount from the original price for the second copy and 50% discount for the third and following copies.
- **Multi User/Departmental (MUD) Licenses.** In addition to a single user license we provide multi user/departmental (MUD) licenses which allow usage of the licensed software on one or more computers running the same operating system.

License Type	Number of Users	Price
small MUD license	up to 5	twice the price of a single user system
medium MUD license	6 to 10	three times the price of a single user system
large MUD license	11 to 20	four times the price of a single user system

- **Maintenance and Support.** The license fee covers a perpetual license to use the software. In the first year after the purchase of the software, maintenance and support (M&S) is free. After the first year the optional annual fee for M&S is 20% of the listed price for all licensed modules. M&S allows free updates, technical support and platform switching without additional charge.
- **Prices and Shipment.** All prices are stated in US Dollars and include handling and air express shipment. The software is distributed on a DVD. Local taxes and tariffs, if any, are your responsibility.
